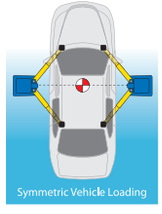
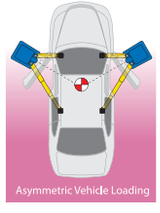
See page 4-5 for more info and visit babco.ca for full report!

Asymmetric or Symmetric

Lift Column Orientation Options



Symmetrical Lifts
XPR10
- Columns are not rotated
- Vehicle load is centered between the columns to maximize lifting capacity
- Lift capacities 10,000 - 18,000 lbs.
- More width between columns to accommodate larger vehicles and improve vehicle access
- Allows max door opening on trucks and vans for improved access to vehicle interior



Asymmetrical Lifts
XPR10A
- Columns are rotated 30°
- Places the approximate center of gravity of the vehicle in line with the optimum load capability of the column
- Allows maximum door opening on passenger cars for improved access to vehicle interior
- Available for 10,000 lb. models only

Air Line Kit for Sliding Bridge Jacks

If you have Sliding Bridge Jacks you need the air line kit! This air line hose kit is specifically designed to work with the BendPak Sliding Bridge Jacks. It is by far the best way to utilize the bridge jacks, making the operation of the jacks a simple and easy process.

BP5210435 $275

Compressed Air Bottle

Fits BendPak Four-Post Lifts. BendPak has developed this Patent Pending compressed air bottle system allowing the lift to create its own air source each time the lift is raised. The safety-lock release system found on BendPak lifts requires 25-PSI to safety release all four locks simultaneously – the bottle system creates 150-PSI with one full lift rise, enouth air for multiple full descents with the safety button depressed.

Terms & Conditions

Our customer service personnel will be happy to assist you and answer any technical questions you may have. We try to maintain an adequate inventory of most items, but due to sales volume, some products may be out of stock. Every effort will be made to get your order processed promptly. In no event shall BABCO be liable for special, consequential or incidental damages resulting from shipping delays.

Payment Policy
At BABCO we accept Visa, MasterCard, cheques, bank drafts, certified cheques and money orders. Payment is due prior to shipping. Regular cheques will be deposited and allowed 5 business days to clear prior to shipping. All monthly payments indicated are based on a 48 month lease with a 10% buyout at the end of term and are subject to credit approval.

Sales Tax
All sales are subject to GST/HST as applicable. Applicable taxes will be added to all lease plans.

Pricing
At BABCO, we make every effort to offer competitive pricing. However, in the event of any unforeseen conditions in printing this catalog or circumstances beyond our control, we must advise that all prices are subject to change without notice. Installation and assembly are not included. BABCO has made every attempt to illustrate and describe the products in this catalog accurately; however, these illustrations are for identification purposes only and products may vary due to manufacturers improvements or changes and may be subject to change due to any unforeseen circumstances in printing his catalogue.

Warranties
All products shown in this catalog are warranted by the manufacturer against defects in materials and workmanship to the extent of the manufacturers warranty. No other warranties are implied.

Freight Policy
Some destinations will be subject to a freight surcharge. Contact customer service for a quote. Its the buyer's responsibility to unload the freight at their location. BABCO will take no responsibility for additional charges of any kind that may incur, related to, or involved with, the renting or acquisition of equipment of any kind necessary to unload items off of a delivering carrier's truck.

Damaged Shipments
For your own protection, inspect shipments before signing the freight bill. If a shipment is damaged, note damage on the freight bill and file a claim with the carrier immediately.

Returned Merchandise
Returned merchandise requires authorization. Contact our service representatives first for shipping instructions and to obtain a return authorization number. Credit will not be issued unless authorization to return merchandise has been received. Product must be returned freight prepaid to Babco. Any charges that may incur due to damaged merchandise will be deducted from credits owed. A 20% restocking fee will be charged for all returned merchandise.

Manual Control Pipe Bender

BendPak tubing benders are known throughout the world as the most technically advanced bender on the market. The Blue Bullet sets the standard for bender reliability and performance. With BendPak’s exclusive “Clampless Swager” and Internal Expander, you can easily perform all end finishing operations with ease. Available with two different Die Sets.

Bender With B-1 (202) Die Set **$7,250** **lease at $189/mo**
Bender with B-2 (302) Die Set **$7,635** **lease at $199/mo**

Semi-Automatic Pipe Bender

BAS three-button control - A semi automatic control board, located up front for operator convenience. The green button is used for full automatic bending functions, the blue button for initiating an automatic return sequence and the red button for automatic stop. The depth-of-bend plate is equipped with an adjustable slide pointer that can be preset to stop at any desired bend depth. Choose either the 1302-BAS which has one double-ended cylinder or the space saving design of the 1502-BAS that has dual single ended cylinders.

1302-BAS BENDER B1 (202) **$7,870** **lease at $205/mo**
1302-BAS BENDER B1 (302) **$8,500** **lease at $222/mo**
1502-BAS BENDER B1 (202) **$8,125** **lease at $212/mo**
1502-BAS BENDER B1 (202) **$8,690** **lease at $227/mo**

Digital Automatic Pipe Bender

Digital control - Users will appreciate the convenience of our digital control that gives you digital die angle readings right up front. An advanced programmable mini-computer is safely enclosed within the front upright of the bender to allow you to effortlessly fabricate virtually every original equipment exhaust system. The program data control board manages all bending functions, automatic or manual, and stores up to 99 different bend depths. Choose either the 1302-BA which has one double-ended cylinder or the space saving design of the 1502-BA that has dual single ended cylinders.

1302-BA BENDER B1 (202) **$8,630** **lease at $225/mo**
1302-BA BENDER B1 (302) **$9,265** **lease at $242/mo**
1502-BA BENDER B1 (202) **$8,890** **lease at $232/mo**
1502-BA BENDER B1 (202) **$9,525** **lease at $248/mo**

Bending CD Data System

Our optional deluxe CD computer card system guides you step-by-step when fabricating original equipment exhaust and tailpipes.

CS-1 (with bender) **$890/lease at $24**

3” Bending Die Kit

For bending those heavy-duty exhaust systems on new diesel trucks.

300-1 **$975/lease at $26**

Air Compressors

Series Features

- 80-Gallon vertical tank
- 3-Cylinder / 2-stage pump
- ASME rated tank
- Siemons™ electric mag-starter
- Fan-type flywheel
- Fully-enclosed belt guard
- Oversized roller bearings
- Forged ductile iron crankshaft
- Forged aluminum alloy pistons and connecting rods
- 100% cast iron block
- Cast iron cylinders and heads with deep cooling fins
- Forced-air after cooler
- Oil slight gauge
- Automatic pressure switch
- ASME rated overload pressure safety valve
- Pressure gauge with valve
- Oversized replaceable air filters
- Automatic start/stop

5 HP Models

LS580V-601
208-230V / 60Hz / 1 Ph
Horsepower 5 hp
Maximum CFM - 22.8 / 175psi

LS580V-603
208-230V / 60Hz / 3 Ph

Lease at $59/month
$2,175

The 100% cast-iron TRI-MAX™ Series pump features simple splash lubrication for total reliability and a "W-e" finned cylinder configuration that provides 360° cooling. Lower RPM's and large-diameter finned copper tubing between stages, means they will run cooler, which ultimately achieves maximum compressor efficiency with less moisture contamination.

7.5 HP Models

LS7580V-601
208-230V / 60Hz / 1 Ph
Horsepower 7.5 hp
Maximum CFM - 28.5 / 175psi

LS7580V-603
208-230V / 60Hz / 3 Ph

Lease at $65/month
$2,415

Oversized balanced flywheel features large fan blades that forces cool air on the compressor pump
ASME rated overload pressure safety valve
Cast heads
Fully-enclosed belt guard
American made motor
100% cast iron pump
Pressure switch automatic start/stop
Oil site gauge
Siemons™ UL approved electric mag-starter
ASME rated 80 gallon tank
Wide base
Integrated tank drain

• Push button pneumatic safety release
• Electric/hydrulic power system
• Optional power unit locations
Rugged 1-1/4" roller axles
Independent backup slack-cable safety latches
Adjustable lock ladders
Optional rolling bridge jacks
Longer Approach ramps
• Heavy-duty 3/8" aircraft cables
• Multi-position safety locks
BENDPAK

Lift Safety Standard

Most of our lifts are third party tested by ETL and certified by ALI to meet or exceed strict ANSI standards such as 1.5 times rated capacity load test, engagement lock test, cable cut and deformation tests. Be sure the lift you buy has the gold ALI/ETL label that assures your lift has been tested to meet these standards.

Wireless Digital Wheel Alignment System

Digital four-wheel, wireless alignment system

CRT380R

The Ranger® CRT380R Alignment System is a highly accurate, four-wheel, wireless alignment system for domestic and foreign cars and trucks. It features 8-CCD technology, Bluetooth® data transfer and our refined ProSpec® Alignment software that was designed for simplicity and speed. All alignment steps from start-to-finish are clearly shown with vibrant animation and graphics providing a faster, more profitable and far easier to understand alignment procedure. This unique combination of user-friendly functionality and ease-of-use enables any business owner interested in providing alignment service as an additional profit source to do so with a minimal investment and training.

Check babco.ca or call 800-661-5313 to get current prices. Steel prices and the US exchange rate constantly affect our prices. Prices printed today may be out of date as we adjust up or down.

- Superior screen graphics
- Alignment functions and measurements are controlled via the wheel sensors, mouse and/or keyboard
- Self-explanatory graphic user surface provides simple understanding
- Compatible with low ride-height vehicles or those with ground-effects
- Self-centering wheel-clamp adapters cover an extended range of vehicles
- Cordless Bluetooth® sensors remove hassle of connecting cables
- Technician has the option to customize alignment units of measure, accuracy & language
- Technician has a choice of rolling or lifted runout modes
- Features self-diagnostic help screen and system information
- On-sensor controls permits users to operate selective computer software functions from any wheel location eliminating the need for countless return trips to the console
- Continous checking ensures accurate toe measurements
- On-screen display indicates if sensor leveling is required
- Vehicle adjustment illustrations and multiple adjustment bar graphs
- Valuable customer information can be conveniently stored in the database allowing shop personnel to quickly reference previous alignment work orders
- Convenient “spoiler setting” adjustments on the wheel-clamps for accomodating blocked front or rear line-of-sight of the sensors and provides accurate toe measurements
- “Before” and “after” measurements can be printed in full-colour to explain service and record work performed

POWER PROBE

NEW ITEM

Power Probe III Test Light and Voltmeters

- 20' Jumper Lead Set
- Bad Ground Indicator and Short Circuit Indicator
- Continuity Tester
- Relay and Component Tester
- Built in flashlight

Easy to read backlit Volt meter allows you to read voltage at the tip eliminating wasted time running to your toolbox for a volt meter! Standard 4mm jacks ensures full compatibly with our Gold Series Lead Set as well as all other 4mm leads, plugs and jacks already in your tool box. Press the rocker switch forward and you'll have a hot lead for powering up electrical components like cooling fans, relays, press the switch rearward and you will have an instant ground lead. The polarity tester instantly identifies positive, negative and open circuits. Instantly check continuity of switches, relays and diodes.

$953.30

RDL95-0003A
Smoke Pro® Total Tech® Leak Detector Kit
- Detects leaks of all sizes in a variety of automotive systems
- Delivers the thickest smoke available to pinpoint leaks in seconds
- Finds more repair jobs than any other tool
- Eliminates comebacks by verifying that repairs are complete
- Easy-to-use, safe, and inexpensive to maintain

$1,511.00

RDL95-0051
Pneumatic Diagnostic Leak Detector
- Built in compressor
- Includes new UFNC with adapter
- New larger exhaust cone adapter
- Can be used with or without nitrogen
- Uses OEM approved smoke producing fluid

PBT

PBT70960
Crankshaft and Camshaft Seal Tool Kit
- Easily remove and install crankshaft and camshaft seals without damage
- Compact puller with unique extracting hooks engage seal for quick removal
- Interchangeable sleeves and mandrels allow easy installation of new seal
- Suits seal sizes 21.5mm - 64mm
- Reduces service times and ensures no reworks due to damaged seals or housings

$131.45

Toyota/Lexus Oil Filter Wrenches
- Oil filter wrench provides multiple contact points that engage the housing cap securely allowing easy removal
- Prevents rounding of oil filter housing
- OE design and quality wrench fits Toyota and Lexus applications
- 3/8'' Square drive with 27mm hex
- 64.5mm with 14 flutes

PBT71110 - 4 Cylinder **$23.10**
PBT71113 - 6-8 Cylinder **$23.10**

PBT71114
Toyota/Lexus Oil Filter Drain Hose
- Drains oil from oil filter housing prior to removal
- Eliminates oil spills
- Easy to install and remove
- Reduces service times
- Suits all Toyota and Lexus oil filter housings with drain

$31.60

Schumacher ELECTRIC

$115.45

SCUBT-250
Battery Tester, 12V Standard and AGM Capable
- Designed for standard and AGM batteries
- Uses Microload Technology for accurate testing
- Measures alternator output and starter draw

Easy to use hand held microload 12V battery and charging system tester. Simple and accurate with polarity protection and display noting both the CCA rating and amps plus indication of battery status. Powered by 9V battery (included).

POWERMAX CONVERTERS

Battery Chargers/Power Supply
- Reverse Battery Polarity Protection
- Over Temperature Protection
- 15 foot detachable cables
- Over Current Protection

PowerMax PMBC Power Supplies/Battery Chargers provide clean and reliable power for charging batteries during service reflash, complex maintenance, and on the showroom floor. The PMBC provides a constant clean power supply for using scan tools and reprogramming of ECM's without discharging the battery. Fully regulated DC outputs prevents over charging of the batteries. Also features a handle for easy transportation.

PWMPMBC-100 - 100 Amp **$415.90**
- Power Supply Voltage Regulation: 13.6 V

PWMPMBC-55M - 55 Amp **$266.15**
- Adjustable voltage: 12.5 Volt to 13.6 Volt

PWMPMBC-75M - 75 Amp **$330.35**
- Power Supply Voltage Regulation: 13.6 V

MOTORVAC

MTTMV3D
Industrial Diesel Tune® Detergent
- Restores horsepower
- Lowers opacity
- Restores fuel mileage
- Specifically designed for diesel engines
- Non Hazardous/Non Flamable

$181.70

MotorVac MV3D detergent is designed to remove carbon from combustion chambers and injectors in diesel engines.

American Aimers

$2,605.45

AAM82002
Vision II Pro Image Processing Headlight Aimer
- Color LCD Display allows for bright detailed images and easy to read text
- Automatic Floor Slope: built-in digital level allows for quick bay changes

Autel®

$61.25

AULAL309
CAN OBDII Code Reader / Scan Tool
- Works with all 1996 and later Domestic, European, and Asian Vehicles (CAN/OBD-II compliant)
- Easily determines the causes of the "Check Engine Light (MIL)"
- Retrieves generic (P0 and U0), manufacturer specific (P1, P3, and U1) codes, and pending codes
- Turns off Check Engine Light (MIL), clears codes and resets emissions monitors
- Displays complete OBDII vehicle data stream, Diagnostic Trouble Code (DTC) and Pending Code definitions on unit screen, and monitor and Inspection Maintenance (I/M) readiness status
- Multilingual menu and DTC definitions - English, Spanish and French

The AutoLink® AL309 CAN OBDII Code Reader / Scan Tool is built for the professional technician in the US Market yet it's easy to use and priced for the DIYer. It provides easy and quick access to Diagnostic Trouble Codes and their definitions on all OBDII compliant vehicles sold worldwide since 1996. The AL309 not only has a specialized continuous update screen for readiness monitors, but utilizes complete live data functionality. Also retrieves vehicle information (VIN, CIN and CVN). It supports CAN (Controller Area Network) and all other current OBD-II protocols. The USB update cable and user manual is included along with FREE online software updates via USB Interface. Limited One (1) year warranty.

$152.20

AULEBT210
AutoLink™ Electronic Brake Tool
- One tool for multiple purposes
- Deactivates/activates SBC (Sensotronic Brake Control)
- Inspects air brake system
- Changes brake fluid/bleeds brake system
- Opens/closes the brake pads

The AutoLink™ EBT210 is a multifunction solution specially designed to help technicians replace brake pads more safely and efficiently. Eliminating the need to use expensive OE diagnostic tools for electronic brake systems, the EBT210 is a time saver and money maker!
Other features include:

- Basic setting of rear brake calipers after changing brake discs and pads
- Reads and clears EPB/SBC trouble codes
- Easy to use with step-by-step on-screen instructions
- Multilingual support
- Ensures workplace safety
- Avoids installation errors
- Affordable and reliable
- Easy to update via a USB cable

Coverage:
- Volkswagen Passat (2005-on)
- Mercedes Benz models: W211, R230
- Audi A6/A8 (2002-on)
- Volvo - All new Volvo parking brake modules (PBM)

DENT FIX EQUIPMENT

SPITZNAGEL SPECIALTY TOOLS

$372.85

DENDF-DM550DX
Ding Massager Glue Puller Kit
- Squeeze Puller allows for a massaging action
- Slide hammer allows for solid force tapping action
- Specially formulated glue holds strongly
- Will not mar or damage OEM paint
- Paintless Dent Repair that is easy to do and saves money

The Dent Fix Equipment Deluxe Ding Massager Kit includes a slide hammer for a more powerful pull on thicker metals when removing dings and small dents from OEM paint. The squeeze puller allows for a massaging action that helps release the tension in the metal, allowing for a quicker, more successful pull. The specially formulated hot glue provides strong adhesion, yet easy removal, using the release agent. This professional paintless dent repair glue pulling kit includes the squeeze puller, slide hammer, 120V glue gun, scrapper stick, 10 glue sticks, 9 different pulling nibs in a blow-molded case.

$472.50

DENDF-800BR
Hot Stapler Plastic Repair Assistant
- Staples plastic pieces together
- Allows flexibility for fitting the part
- Creates great strength to prevent re-breaking or cracking
- Save bumpers, headlight assemblies and other plastic parts
- 5 year warranty

Bumper and plastic repair has just taken a major step forward. With the DF-800BR Hot Stapler from Dent Fix Equipment you can now be assured of a strong, structural repair while still maintaining flexibility to allow for proper fitting of components and bumpers. The Hot Stapler fuses a staple by melting it into the plastic. This can be used in a stitch pattern to re-enforce a tear in the plastic. Torn tabs are no longer a problem as a repair can be made to re-create the original strength. Broken fittings on headlight assemblies or any plastic component can be made using one of the four types of staples included with the kit.

The four types of stainless steel staples are:
"S" staple – for a stitch pattern or to work around round mounting holes
"Z" staple – for a tighter stitch or for use on the edge with a limited amount of space
"M" staple – for use on outside 90 degree edges
"V" staple – for use on an inside 90 degree edges

Other features include:
- Fast , strong repair
- Retain flexibility in part for fitment
- Saves costly parts
- All in one unit – no separate control box
- Ensure repair stays fixed

CHANNEL LOCK
WORK HARD. SWEAT BLUE.®

$86.55

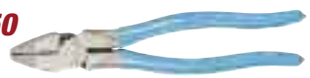
Made in U.S.A.

CHATOOLROLL-52
5 Piece Plier Tool Roll Includes: 3017, 430, 449, 426 and 909
- Tools made From C1080 steel for superior performance
- Electronic coating for ultimate rust prevention
- Free tool pouch
- Made in the U.S.A.

Tool roll includes Channellock's 449 9.5" High Leverage Curved Diagonal Cutting Pliers, 909 Crimping Tool, 426 6.5" Tongue and Groove Pliers, 430 10" Tongue and Groove Pliers and 3017 8" Long Nose Pliers.

Made in U.S.A.

$22.50



CHA367
7.5" High Leverage Linemen's Pliers
- High leverage less force required for cutting
- Knife and anvil style cutting edges for superior performance
- Laser heat-treated ensures longer life of tool
- Electronic coating for ultimate rust prevention
- Made in the U.S.A.

Improved leverage by moving the rivet closer to the cutter means considerably less force required for cutting. Only Channellock uses knife to anvil style cutting edge to ensure proper cutting edge alignment, resulting in a clean cut every time. Fiercely made in Meadville, PA.

Made in U.S.A.

$39.25

CHA87
Rescue Tool
- Redesigned - now 30% lighter
- Fits securely in bunker pocket
- Narrow jaw profile fits in tight spots
- Hardened cutting edges shear through soft metal
- Made In U.S.A.

Standard battery cables are no match for its cutting power. Spanner wrench tightens and loosens up to 5" hose couplings. Pries open windows and doors. Shuts off gas safety valves.

CHA620L
8.25" Professional Laser Level

$48.80

- Accurate up to 1/4" at 100'
- Laser life 10,000 hours
- V-Groove designed for pipe and conduit mounting
- Easy to read graphics with inch scale
- All brass fittings to prevent rust

8.25" Professional Laser Level is powder coated for a more durable finish. The level is waterproof and shock resistant. Four super strong rare earth magnets secures level to metal surfaces and the product features three 45 Minute arc vials 0, 45 and 90 degrees.

39 Piece 1/2" Drive Standard and Deep Metric Impact Socket Set
Set includes: 9mm, 10mm, 11mm, 12mm, 13mm, 14mm, 15mm, 16mm, 17mm, 18mm, 19mm, 20mm, 21mm, 22mm, 23mm, 24mm, 25mm, 26mm and 30mm standard sockets; 9mm, 10mm, 11mm, 12mm, 13mm, 14mm, 15mm, 16mm, 17mm, 18mm, 19mm, 20mm, 21mm, 22mm, 23mm, 24mm, 26mm, 27mm and 30mm; and a universal joint.

Lisle

$79.40

LIS65600
Broken Spark Plug Remover for the Ford Triton 3 Valve Engines
The set includes a unique porcelain pusher tool and a tapered left-hand thread remover for removing the broken spark plug without leaving the porcelain in the engine cylinder. Porcelain pusher is used to press the porcelain piece, without breaking the porcelain, farther into the plug tip. This provides space for the left hand thread remover to bite into the stainless steel plug tip so it can then be pulled. Blow-molded storage case included.

Astro Pneumatic Tool Company

$62.60

AST6500L
Cordless Rechargeable 30 LED Inspection Light
- 30 LED's provide bright, non-glare light which equals the same brightness as 550 Lumens
- LED Lifetime rated up to 100,000 hours
- Unit is shatterproof, shock and water resistant
- Unit uses 3.7V-3600mAH Li-polymer batteries - No Memory Effect with an active life of approx. 7-8 hours

AST6330 ***$36.10***
Rechargeable 60 LED Work Light
- 60 Super Bright LED 12000 MCD
- Single Charge provides up to 3 hours of continous use
- Unit uses six 900 mAh replaceable Ni-MH batteries
- UL listed 120V AC main charger included

STREAMLIGHT

LED Penlights
- Compact, waterproof, durable construction withstands tough work environments
- LD has a 30,000 hour lifetime so it never needs replaced
- Proprietary Micro Optical System (MOS) for optimized output and run time

TERMS & CONDITIONS

CONTACT YOUR BABCO TOOLS CUSTOMER SERVICE REPRESENTATITIVE OR VIEW ONLINE AT BABCOTOOLS.CA FOR COMPLETE TERMS & CONDITIONS

Members may only purchase tools on their account that are for their own use. They are not to be resold. Also, each membership is for one individual/shop only. All prices on this site are in Canadian dollars. We accept Visa, MasterCard and PayPal. Orders of $150 or more will be shipped prepaid (except some heavy items, identified as , which are subject to a freight charge which are subject to a freight charge) to most locations in Canada. Remote locations may be subject to a freight surcharge. Orders under $150 will be charged a flat fee of $8.99 to cover shipping and handling. All sales are subject to GST/HST as applicable. British Columbia residents are subject to PST. Residents in Ontario, Saskatchewan, Manitoba and Quebec should self assess PST/QST. In the event of any unforeseen conditions in producing this catalog or circumstances beyond our control, we must advise that all prices are subject to change without notice. Babco Tools has made every attempt to illustrate and describe the products in this web site and in our advertising accurately. However, these illustrations are for identification purposes only and products may vary due to manufacturers improvements or changes and may be subject to change due to any unforeseen circumstances in producing this web site or our advertising. All products shown in this advertising are warranted by the manufacturer against defects in materials and workmanship to the extent of the manufacturers warranty. No other warranties are implied. For your own protection, inspect shipments before signing the freight bill. If a shipment is damaged, note damage on the freight bill and file a claim with the carrier immediately. Returned merchandise requires authorization. Contact our service representatives first for shipping instructions and to obtain a return authorization number. Credit will not be issued unless authorization to return merchandise has been received. Product must be returned freight prepaid to Babco Tools. Any charges that may incur due to damaged merchandise will be deducted from credits owed. A 20% restocking fee will be charged for all returned merchandise. Our Warranty Express Program is quick and easy. If you have a defective tool, call 800-661-5313 or email info@babcotools.ca. We will immediately issue you a Return Authorization (RA). Package up the defective tool and we will send a courier, at our expense, to pick it up. In most cases, we will have your defective tool replaced with a new one in less than 10 days (we pay the freight). In certain cases, the manufacturer requires that the tool be sent to a repair depot (turnaround times may vary). Note: We warranty only the tools that we sold to you (proof of purchase is required). Please contact your original supplier for warranty on other products.

Genisys 2009 Super Bundle Kit

Autel®

$63.75

AULMS310
MaxiScan™ MS310 OBDII/EOBD Code Reader
- Works with all 1996 and later OBDII compliant US, European and Asian vehicles
- Retrieves generic (P0, P2, P3 and U0), manufacturer specific (P1, P3 and U1) codes and pending codes, and display DTC definitions on unit screen
- Turn off Check Engine Light (MIL), clears codes and resets monitors
- FREE Internet Software updates via USB interface
- Display complete live engine data stream and views freeze frame data

The MaxiScan™ MS310 OBDII/EOBD Code Reader provides the technician with easy and quick access to diagnostic trouble codes. It easily retrieves diagnostic trouble codes (DTCs) and code definitions on all OBDII/EOBD compliant vehicles sold worldside since 1996. This compact and professional reader has the same functions and benefits as large expensive diagnostic scanners.

Prices and products change regularly.

Check babcotools.ca or call your Babco rep for current prices and products!

EQUUS INNOVA

$286.00

Dynaswival 360 Degree Portable Airtool Adapter
- Patented universal-joing that connects portable air tools to an air line
- Swivals 360° at two pivot points allowing the air hose to drop directly to the floor while providing superb tool handling
- Improves tool maneuverability, minimizes operator fatigue and extends hose life

This adapter is made of non-marring composite construction and is of industrial quality.

RapidAir Tubing

RapidAir is a complete compressed air distibution system that is designed to easily install beneath walls of new construction, or on wall surfaces of existing workshops.

- nylon tubing is designed for compressed air
- can be run through the wall for clean look
- short installation time & inexpensive materials
- corrosion free turing and fittings
- aluminum outlet blocks give a clean professional look
- great for garage sizes under 1200 sq. ft.
- tubing size 3/8" ID x 1/2" OD
- 150 psi working pressure

RECOMMENDED FOR:

- home garage workshops less than 1200 sq. ft. (30 ft. x 40 ft.)
- single tubing lengths under 50 ft. from compressor
- one air user
- workbenches, trailers, small woodworking shops

MaxLine Tubing

MaxLine has all the great benefits of the Duratec product, but with reduced cost. MaxLine does not hold epxneisve agency rating for food, beverage and welding gases and is manufactured only for compressed air, saving you money.

- a blend of HDPE and aluminum multilayer tubing
- direct burial, on wall and in wall tubing applications
- maintains shape after bending by hand
- meets OSHA requirements
- tubing size - 1/2", 3"4" ID
- 175 psi working pressure

RECOMMENDED FOR:

- building layouts with many obstructions, corners etc.
- multiple air users
- industrial plants, auto body and repair shops, farm, woodworking
- underground burial
- 1/2" size for buting lengths under 75 ft from compressor
- 1/2" size for buildings less than 2000 sq. ft (40 ft x 50 ft)
- 1/2" size for in-wall applications
- 3/4" size used for tubing lengths under 150 ft from compressor
- 3/4" size used for building less than 3600 sq t (60 ft x 60 ft)

Master Kit

• Tubing, 3 Outlet Kits, 1 Manifold Kit,
5 Elbows, Bevel and Cutter Tool
• 100 ft. Nylon Tubing

M3800 1/2" Tubing *$200.00*
M7500 3/4" Tubing *$250.00*

Tubing Kit
6026 1/2"x100 $70
6027 1/2"x300 $200

M8080 1/2" $8
M8067 3/4" $18

Equal Tee
M8010 1/2" $11
M8011 3/4" $20

M8014 3/4"x1/2" Tubing $20
M8019 1/2"x1/2" Female NPT $11
M8078 3/4"x3/4" Female NPT $17
M8006 1/2"x1/2" Female NPT $7
M8007 3/4"x3/4" Female NPT $15
M8026 1/2" End Cap $10
M8027 3/4" End Cap $12
M8038 1/2" Inline Hand Valve $16
M8039 3/4" Inline Hand Valve $30

In Wall Tubing or Surface Mount (Machined Aluminum)
Single Port Outlet

M3810 1/2"x1/4"NPT $28
M8101 1/2"x1/2"NPT $30
M3810V 1/2"x1/4"NPT w/shutoff $35
M8101V 1/2"x1/2"NPT w/shutoff $37
M7510 3/4"x1/2"NPT $30
M7510V 3/4"x1/2"NPT w/shutoff $37

Surface Mount Tubing Only (Molded Body)
Dual Port Outlet
M8200 1/2"x (2) 1/2"NPT $35
M8201 3/4"x (2) 1/2"NPT $40
M8200V 1/2"x (2) 1/2"NPT w/shutoff $42
M8201V 3/4"x (2) 1/2"NPT w/shutoff $47

Spare Parts
M8054 1/2" Oring $1
M8055 3/4" Oring $2
M8091 1/2"-3/4" Pipe Cutter $10
M8090 3/4" Beveling Tool $6
M8092 1/2" Beveling Tool $6

OTHER PIPE OPTIONS

Duratec Tubing is a blend of HDPE and aluminum multilayer tubing.

- corrosion free
- direct bury underground or in concrete
- maintains shape after bending by hand
- eliminates sagging tubing lines
- other uses include welding gas and beverage piping
- meets NSF, FDA and OSHA requirements
- tubing sizes 1/2", 3/4" and 1" ID
- 200 psi working pressure

AirNet Pipe is lightweight aluminum and can be installed by one person without extensive training.

- smooth inner surface produces good air flow and energy savings
- corrosion free pipe and fittings
- easy to odify andmake sustem changes
- short installation tie compared to other methods
- 3/4", 1", 1-1/2", 2", 2-1/2", 3" and 4" sizes, 9' or 20' length
- 188 psi working pressure
